AUDITOR'S REPORT.

The undersigned, Auditors of the School District of Newbury, have examined the accounts of the Treasurer of the School, compared his vouchers, cast his figures and find them correct.

JOHN H, GILLINGHAM, Auditor.

REPORT OF SCHOOL BOARD.

To the Citizens of Newbury Town School Distrtct,—

In presenting our annual report, we belive we can safely say the work done in our schools has been fully up to the average of former years,

We arranged to have 26 weeks of school in each division; thus giving the smaller schools an equal number of weeks with the two largest ones. But owing to the smallness of the school and sickness of some of the sholars we closed the school in District No. 1 at the end of the twenty-fourth week.

Also in District No. 2 we only had twenty-two weeks of school owing to the delapidated condition of the school house and severity of the weather, we decided it best for teacher and scholars to close the school at that time.

We have been very successful in hiring competent teachers for the past year. Nearly all the teachers were residents of our town.

Teachers and members of your board of education extend a cordial invitation to all to visit the school-rooms and see for yourselves what the young people are accomplishing by their daily efforts. It must be remembered that the progress on the part of the schools to extend their influence beyond the school-room to the family is a stimulous for good reading matter, and the scholar should be furnished with such literature as will interest both pupil and parent and it is this union of the library that furnishes the best practical method of school extension and when there is a progress in learning that results in intellectual growth in the homes, each one will be inspired and find that life is worth living in a sense never felt before.

An arrangement was made with the School Board of Bradford to have the scholars in Bradrord in the former Union District paying 40 cents per week tuition for each scholar.

The summary of Truant Officer's report after the annual enumeration shows the following:

No. of boys in town between 5 and 16	32
" girls " " " " " "	25
Whole number of children	57

Rdspectfully submitted,

Clarence L. Perkins. } School Board
George J. Messer. }
Nathan S. Johnson. } of Newburry
